

Delmarva Power
Annual Small Generator Interconnection Report
Delaware
As of December 31, 2012

(1) **The total number of and the nameplate capacity of the interconnection requests received, approved or denied under Level 1, Level 2, Level 3 and Level 4**

Applications Received 2012	Number of Level 1 Applications	kW Capacity: Level 1	Number of Level 2 Applications	kW Capacity: Level 2	Number of Level 3 Applications	kW Capacity: Level 3	Number of Level 4 Applications	kW Capacity: Level 4	Total Number of Applications	Total kW capacity
Received	256.0	1,372.1	69.0	7,198.8	-	-	2.0	4,200.4	327.0	12,771.3
Approved	145.0	825.0	22.0	452.4	-	-	-	-	167.0	1,277.5
Denied	-	-	-	-	-	-	-	-	-	-

(2) **The fuel type, total number and the nameplate capacity of small generator facilities *approved* in each of the following categories, net metering, emergency standby capable of operating in parallel, behind the meter load offset, combined heat and power, other;**

Systems Approved 2012	Number of Net Energy Metering (NEM)	Net Metering kW Capacity	Number of Emergency Standby kW	Emergency Standby kW Capacity	Number of Behind the Meter Load Offset	Behind the Meter Load Offset kW Capacity	Number of Combined Heat and Power	Combined Heat and Power kW Capacity	Number of Aggregated Net Energy Metered (ANEM)	ANEM Metering kW Capacity	Number of Community Energy Facility (CEF)	CEF Metering kW Capacity
Solar	162.0	1186.0	0.0	0.0	0.0	0.0	0.0	0.0	3.0	68.0	1.0	17.5
Wind	1.0	6.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0

(3) **The number of interconnection requests that were not processed within the deadlines established for Level 1, Level 2, Level 3 and Level 4 reviews**

	Level 1	Level 2	Level 3	Level 4
acknowledgement	5	1	0	0
approval/denial	33	12	0	0

(4) **The number of interconnection requests denied and the application, the address of the proposed small generator, and the reason for each denial.**

0

The above report is based on requirements specified in:

Interconnection Standards for Delmarva Power & Light Company's Delaware Operating Territory Page 25 , Section C
